

## Flushing CSA Meat/Dairy/Egg Agreement (2018 Season)

By signing below, I commit to an add-on share in **Flushing Community Supported Agriculture (CSA)** for the 2018 harvest season (25 weeks from May 31 to November 15). I understand that this is a community project and I, or my representative, will **volunteer a minimum of two (2) additional hours** (this is over the 4 hours already committed for the vegetable share) during the season to help the Flushing CSA. I understand that share distribution occurs on a weekly basis and that I am responsible for **picking up my share at the Flushing Town Hall, 137-35 Northern Blvd. in Flushing, New York. Distribution will be on Thursdays from 5:00 to 8:00 pm. Shares not picked up by 8:00 p.m. will be forfeited.** I understand that it is my responsibility to stay informed of CSA announcements through email or notices at the distribution site.

All of the following add-on shares will be provided by [Goodale Farms](#) (260 Main Road, Riverhead, NY 11901):

*“At Goodale Farms, we value traditional farming and believe that fresh, local and seasonal food is what’s best for our customers. The Goodale Family has been farming the east end of Long Island since the mid 1800’s. It is our belief that fresh local food in season and properly preserved is the formula that has [allowed] our ancestors to live long healthy lives. The way we were at 60 years ago is what we need to get back to.*

*In 2005, we started laying the foundation to make this a reality. Goodale Farms started with 2 cows, 6 goats, 2 pigs and 30 chickens. We now have over 25 dairy cows, 125 goats, 10 beef cows, 20 pigs, and 250 chickens. We are one of Long Island’s only sources for truly local dairy products and pastured meats.*

*We are not certified organic, nor are we seeking to be. We raise our animals and grow our food the way our ancestors did. We do not use antibiotics, steroids, or growth hormones (BGH or BST). We try to farm as close to nature as we can. However, should the occasion arise where we need to treat an animal or crop to prevent death or loss, we will utilize every option available to us. That animal or product will never be offered to the public until we have cleared any such treatment from its system.”*

<b>Make check to “Flushing CSA” or pay online through PayPal, or in person by credit card* through Square</b>
